News letter

I Issue no 5 sept 2011

## Advantages of Homoeopathy

- According to World Health Organization (WHO), homeopathy is the world's second leading system of medicine for primary health care.
- Homeopathic medicines are proven and experimented on healthy people, not on animals.
- Homeopathy cures a disease, rather than merely suppressing its symptoms.
- Homeopathy uses only natural substances in minute doses.
- Homeopathy improves the body's resistance and immunity.
- Homeopathy enhances Health rather than Diminishes Illness
- Homeopathy ensures long-term benefits.
- Homeopathy gives long lasting to permanent cure.
- No complicated procedures for taking the medicines.
- No bitter pills or painful injections.
- It does away with unnecessary surgery.
- Potent Preventive
- Cost effective – Homeopathic medicines are remarkably inexpensive compared to regular medications- though some Homoeopaths are becoming costly
- Homeopathy treats the patient as a whole and not just the disease.
- Homeopathic remedies are gentle, non-toxic, harmless, safe but needs to be handle with care as they do produce aggravation if not properly used

- Homeopathy is gentle and effective system of medicine.
- Unlike Antibiotics, homeopathic remedies do not disturb digestive system nor do they lower the immune system (Body's resistance).
- Homeopathy is very effective in various allergic disorders
- Homeopathy is a boon in the hands of qualified doctors (Classical Homeopaths) who strictly follow the rules and instructions laid down by Dr. S. Hahnemann.
- Homeopathy is equally effective and safe to human beings, animals, birds and plants.
- Homeopathic treatment is given to correct the root cause of the illness.
- Homeopathic medicines are administered in minute doses that act gently and stimulate the body's self-healing response.
- Homeopathic treatment is ideal to optimize the body's natural defenses against microbes.
- Homeopathy works in harmony with the immune system, unlike Allopathic Drugs which suppress and destroy the immune system.
- Homeopathic remedies are not addictive – once relief is felt, patient should stop taking them.
- Homeopathy is equally effective for children, adults and the aged
- No after effects or contraindications: the Homoeopathic treatment is effective, free of side effects. There are no known adverse reactions.
- Highly effective: Homeopathic medicines are very effective in treating diseases, particularly, the chronic diseases.
- Palliative: Several incurable conditions pains experienced by cancer patients on death-bed the intake of homeopathic medicines act as palliative remedy.
- Anti-viral, anti-allergic: Homeopathy has treatment with non-drowsy medicines for allergic hay fever, viral warts, cold etc.
- Anti-septic – some homeopathic medicines act as anti-septic. After surgery the use of homeopathic remedy gives an anti-septic effect, wound healing etc.
- Easily taken by children- These medicines being made from sugar pills or non-bitter substances, which are medicated, are loved by children and hence there is no need for forcing them for taking the medicines.
- Immunity and resistance increased: Immune system of children is increased and resistance is built up in cases of recurrent attacks of cold, tonsillitis etc.
- Surgery avoidance: In some cases, we can avoid surgery by in certain case like tonsillitis, adenoid enlargement, PCOD, Uterine fibroid, renal calculi, hemorrhoids etc.
- Cost-effective: Homeopathic medicines are cheap compared to allopathic medicines and can be used by all. It is the most economic form of healthcare treatment.
- Homeopathy has no painful injection or invasive methods.
- Prophylactic treatment: We can use these medicines as preventive medicines for several ailments such as chicken-pox, measles, travel sickness etc.
- Massive doses to dynamic doses
- Materialism to dynamism vitalism
